

# SIGNAGE PACKAGE

**SLIDE**

THE DUTCH WATERSLIDE EXPERIENCE

A complete package of Signage is part of the iSlide concept. Signs will be delivered explaining the games and the Photo to Social media connection.

This way the sliders understand how to play the game and traffic on social media will be maximized.

Signs will be placed downstairs as well as before starting to slide, signs also include the conditions which are required by law. Signs will be made to your theme.
